PROJECTS

Utkrishta Bharath Club Website - HTML, CSS, Bootstrap, Django, Python [Link Github](#)

- with fully dynamic items including values, initiatives, team members, posts, categories of blog, and future events.
- It also includes comment sections and a community feature for users to ask and answer questions.
- Django authentication has been used for login signup. Digital Ocean is used for hosting our website.

Money Management website for our PG - HTML, CSS, JavaScript, Django, Python [Link Github](#)

- CRUD operations (create, read, update, and delete) Users can edit (only the data they have uploaded) and add data in the frontend. Hosted on PythonAnywhere
- I intend to integrate it with Google Sheets via API to automate the rest of the work.

EXTRA-CURRICULAR ACTIVITIES

Joint Convener of VOICE

- Developed a complete road-map to give confidence of expressing ourselves through literature

Executive member, Utkrishta Bharat NITK

- Leading member of the web development team and media team

Smile club

- Publicity In-charge of the Smile Club. handling all the publicity for the events that have been organized.
